"Will Insurrection or the Insurrection Act  
be our only option? 😊"

Hahahah. Well played. Though it's in  
reverse - either Trump gets off his ass and  
uses the insurrection Act to defeat the  
ChiCom puppet coup, or we will have to  
rise up in insurrection (rebellion) Against  
the ChiCom puppet Biden.  
Take your pick.

Stewart, just to clarify: any initiative on the  
Insurrection Act will include steps to  
prevent Biden or Kamala from taking the  
oath, right? My sis says: "Yes."

A large blue speech bubble with a white question inside. The bubble has a pointed tail at the top left and rounded corners. The text inside is white and centered.

What is Biden's recourse if any under that scenario?

Yes, of course. Biden and Kamala would be prevented from being sworn in. They'd be arrested and should be the first two indicted.

You can't let traitors and communist  
puppets who were NEVER duly elected be  
sworn in.

Yeah, one probably got it from the other.  
Kamala has not surrendered her Senate seat  
yet - hedging.

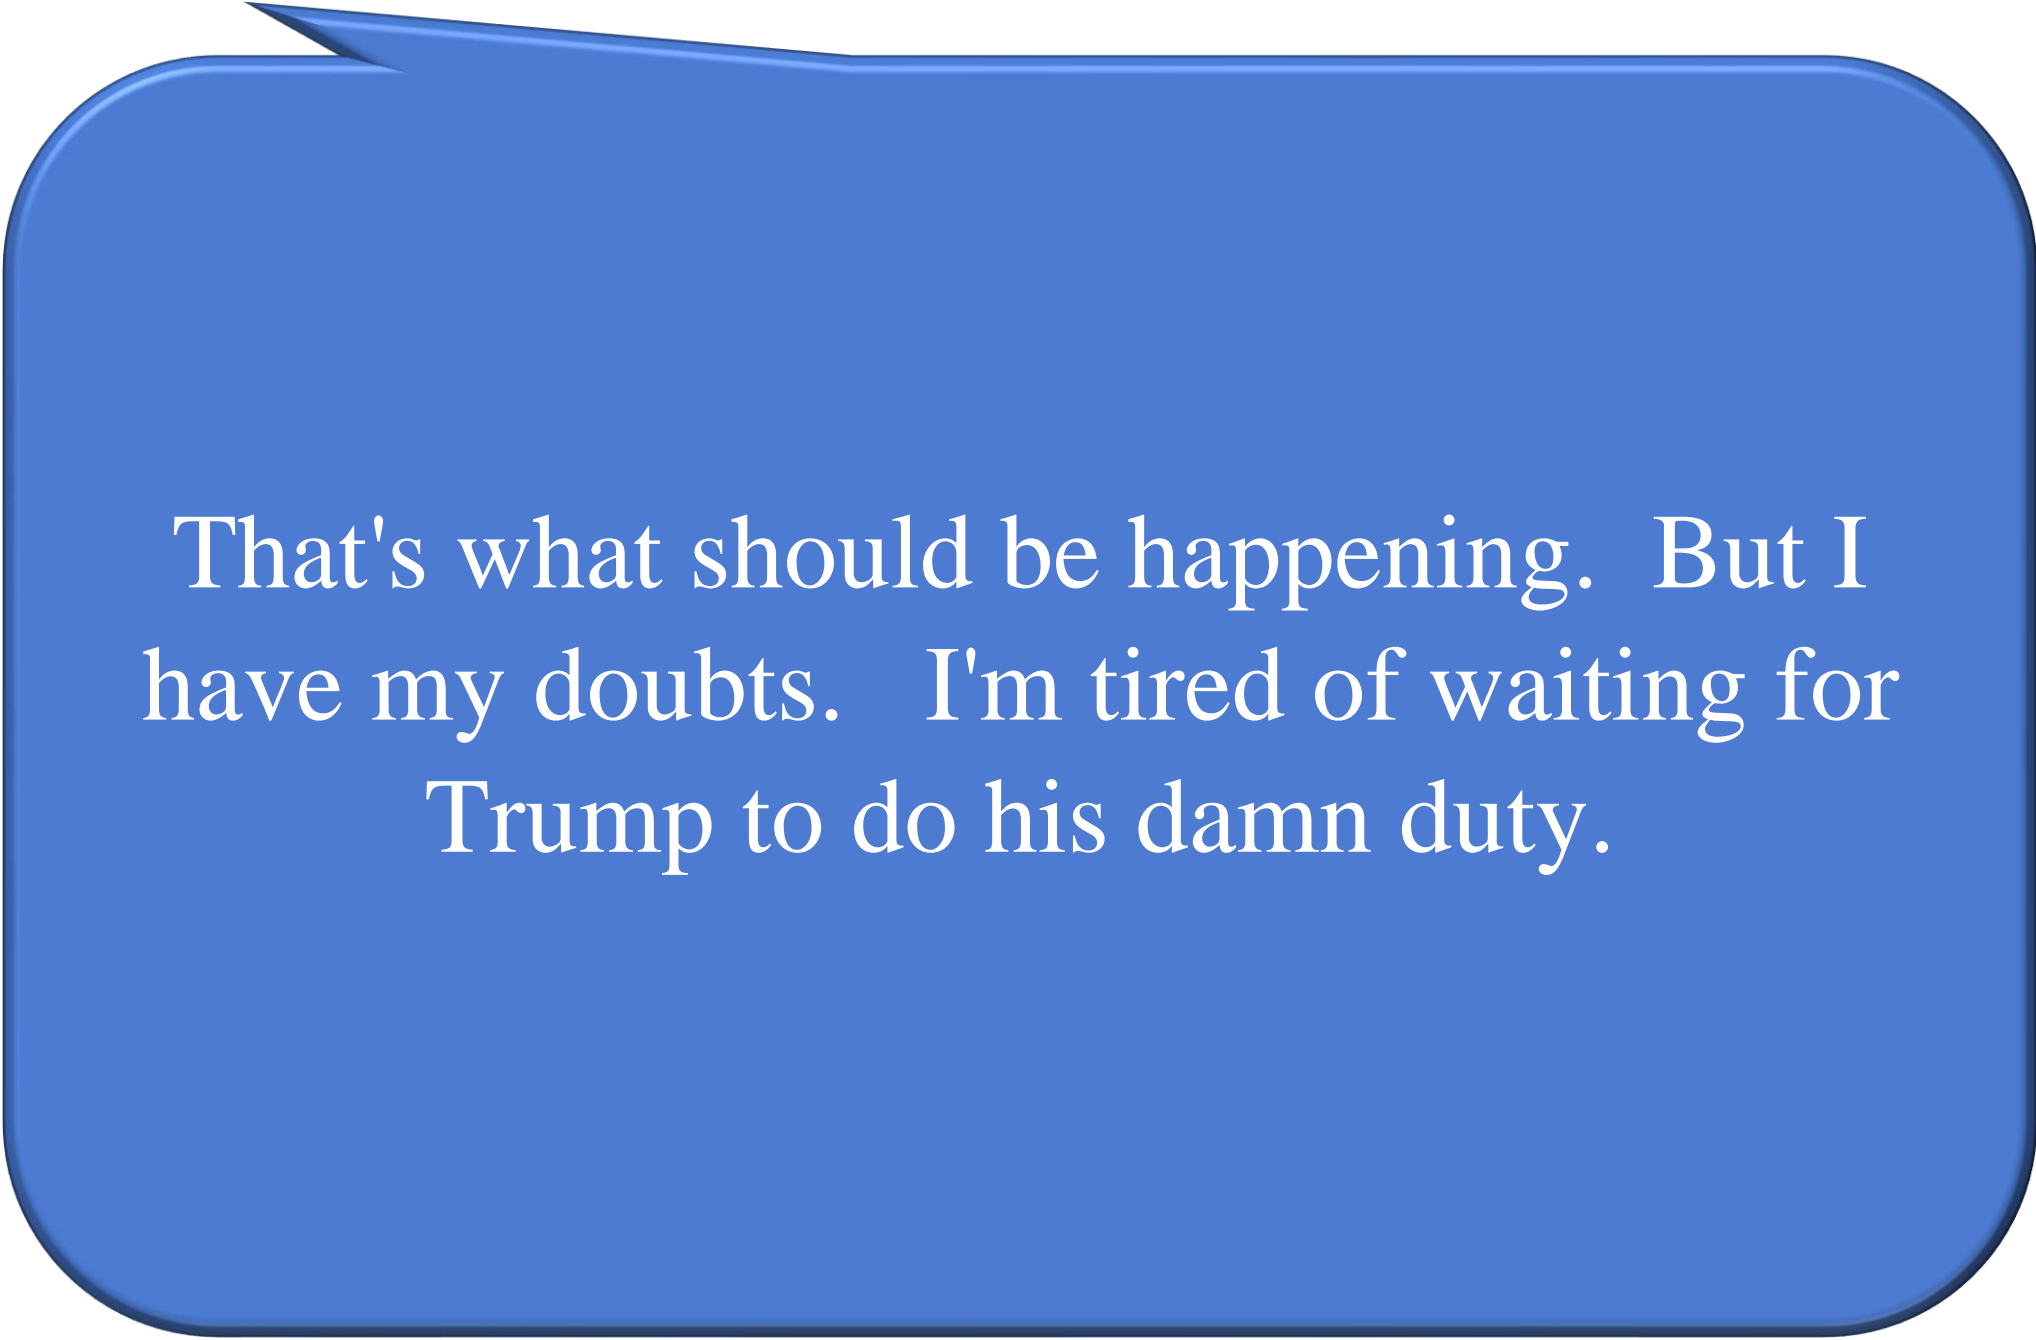

To be clear, **ONLY** the president can use  
the Insurrection Act?

Is this like the TX AG suit wherein the  
White House won't listen to us because  
they are doing it?

That's what should be happening. But I have my doubts. I'm tired of waiting for Trump to do his damn duty.

We are in a nearly exact parallel to what  
the Founders dealt with.  
And the answer is the same.  
Nothing new under the sun.
